HOLMES' CHAMBER OF HORRORS

Still Unearthing Evidence Against the Arch Conspirator.

ONE OF HIS "PALS" DISCOVERED.

This Man, Who is Serving a Sentence for Horse Theft, Declares That One of the Williams Girls Is Still Alive—Important Evidence Looked For.

CHICAGO, July 27.—Workmen at Holmes' morgue yesterday dug up a piece of bone, and Dr. Robinson says it is part of human anatomy. The doctor says it is certainly human bone, but he cannot determine to what part of the anatomy it belongs. An old sponge was also found, and as it is discolored the police suspect that possibly it was once saturated with blood. A chemical analysis is being made.

The most important discovery made at the Central station is the disclosure of the identity of the expressman who is supposed to have done the trucking for Holmes. He lives in the neighborhood, and pending his examination by the detectives the department refuses to reveal his name. It is declared this man was accustomed to visit the flat late at night or very early in the morning. This was at a time when Holmes' troubles were greatest and he was dividing time between causing women to disappear and dodging all manner of creditors.

George W. Harris, alias B. A. Ziegle, is in the custody of a detective agency under suspicion of being a confederate of Holmes in his insurance swindles. Harris has passed under a string of aliases, having been also known as B. A. Simpkins and Alfred H. Post. He was chief promoter in the Taylor addition first mortgage swindles in St. Paul, which caught many Chicago people. Much importance is attached to the arrest of Harris, as it is believed by the police and detective agency which now has him in charge that if they can run down people who were associated with Holmes in his insurance swindles they will find those who can tell of the murders which it is supposed Holmes has committed.

One of the important finds made by the police in their search of the "castle" was a bench covered with stains resembling blood. The bench was found in a deserted store room next to the apartment in which Pat Quinlan slept. Dr. Robinson, who was called to examine the stains on the bench, said they were undoubtedly blood. It is believed by the police that Holmes used the bench as an operating table on which he dismembered his victims before disposing of their bodies.

Chief of Police Badenoch put Pat Quinlan and his wife through another severe examination yesterday. It is believed that the pair can give sensational evidence if they can be made to talk, and Quinlan will be kept under police guard.

Minnie Williams While in Denver.

DENVER, July 27.—The unfortunate Minnie Williams and her sister, whom Holmes is accused of having murdered, came to Denver early in 1892 with their brother, who was in poor health. They took rooms at "The Devonshire," an apartment house at 1425 Logan avenue, and soon became very popular with the other guests. Minnie was about 25 or 26 years of age, and besides being apparently well educated, was an accomplished elocutionist. She appeared for three weeks on the stage of the old Fifteenth Street theater as a member of a stock company. Those who knew her affirm that her feelings for Holmes, whom she knew as Henry Gordon at that time, whatever it was, was no headlong infatuation for a romantic hero. The brother died in the latter part of the winter and the sisters took the body home to Texas. Holmes reappeared in Denver some time after the World's fair and told several friends of the girl that she had married and had gone to India with her husband.

He Was a Pal of Holmes.

LITTLE ROCK, July 27.—It was discovered at Fort Worth, Texas, a few days ago that the Arkansas penitentiary holds a former pal of H. H. Holmes, the alleged murderer of Pitezel and others, and that he is in possession of valuable information. His name is John C. Allen, alias John H. Caldwell, alias John C. Caldwell, and he is serving a fifteen year sentence in the Arkansas penitentiary for horse stealing. Sheriff W. M. Rea, of Fort Worth, had a long conversation with Allen yesterday. The latter, so the sheriff says, declined to give any information except to say that one of the Williams girls is dead, but that the other is alive. Sheriff Rea will remain in Little Rock two or three days longer, and intimates that if Allen will give him the information he wants he will have accomplished more than all the detectives in the country who have been working so long on the Holmes case.

The Top of Her Head Blown Off.

MINNEAPOLIS, Minn., July 27.—A strange and bloody murder was committed on the farm of Ernest Lange, seventeen miles west of this city. The body of little Maggie Craigie, the 14 year-old daughter of Captain Charles Craigie, of the Minneapolis fire department, was found with the top of her head blown off by a charge from a shotgun. Futile efforts had been made to remove the traces of blood in the upstairs room where the murder was committed and along the stairs where the body had been dragged down. Mrs. Lange's 8-year-old son Freddie finally confessed that he had killed the girl by accident.

Richard Vaux's Will Found.

PHILADELPHIA, July 27.—It has been generally supposed that Richard Vaux, ex-congressman, ex-mayor and distinguished jurist, who died last March, left no will, but such a document has been found. After making a number of minor bequests it leaves the residue of the estate, which is valued at about $50,000, to the widow, Mary Waln Vaux, for life, and at her death to be divided among the children. The document concludes with these words: "I direct that no inventory be made of my estate. It is nobody's business but those who are interested in it."

Fatal Election Riot in Hungary.

VIENNA, July 27.—Riots occurred at an election for magistrate at Magyasso, Hungary. Peasants stormed the town hall and the gendarmes fired upon the rioters. Four were killed, twenty wounded and thirty arrested.

FINANCE AND TRADE.

Only the Natural Shrinkage That Comes With Midsummer Heat.

NEW YORK, July 27.—R. G. Dun & Co.'s weekly review of trade says: It is not the season for the tide of business to rise, but there is perceived scarcely any shrinkage except that which comes naturally with midsummer heat. The volume of new business is small compared with recent months, but large enough to encourage more opening of long closed works and more advances in returns to labor. Important strikes show that the advance is not enough for some, but seem not more threatening than a week ago.

Accounts of shrinkage in the yield of wheat come both from Pacific states and from the Dakotas. It would be a strange and unnatural July without such reports, and yet they have weight enough this year to lead even the most experienced to reduce somewhat their estimates of yield.

Failures for the week were 202 in the United States, against 249 for the same week last year, and 27 in Canada, against 39 last year.

Bradstreets' review says: The most striking features of the business week are the influences of improved crop prospects and the continued large demands for iron and steel, with one of the largest makers in the market as a buyer of Bessemer steel. Most of the commercial and industrial features of the preceding week are retained. Commercial travelers are being sent out in all leading lines, and reports from those now on the road appear to meet expectations.

The Drop in Oil.

PITTSBURG, July 27.—Oil has taken another slump and has dropped fifteen cents a barrel in the last two days. As a result of the drop all wild catting has been stopped and the oil boom is considered to be over. There is no known reason for the drop except that the Standard has decided to lower prices. What is considered the strange feature is that the price of refined oil remains the same.

Miss Anthony Succumbs to Heat.

SANDUSKY, O., July 27.—Upon taking her seat after delivering an address at the Lakeside Assembly yesterday afternoon Susan B. Anthony was seized with a fainting fit. She quickly recovered, and today is in good health and spirits. Her efforts on the platform and the heat were alone the cause of her temporary illness.

England Will Demand Satisfaction.

LONDON, July 27.—The correspondent of The Times at Alexandria informs that paper that at a funeral of a British soldier in Cairo a mob of natives hooted and stoned a military detachment for half a mile, and mobbed the chaplain. Great Britain will demand satisfaction.

Twelve Pilgrims Killed.

PARIS, July 27.—A train crowded with pilgrims returning from the shrine of St. Dauray was wrecked near the town of St. Brieuc yesterday. Twelve persons were killed and twenty-five injured.

Alleged Train Robber Captured.

SAN FRANCISCO, July 27.—John Brady, who robbed the Oregon express train four months ago, and is suspected of having murdered Cornelius Stagg at Ingleside previously, was captured near Courtland yesterday by a deputy sheriff and a ranchman. In the Wheatland train robbery Brady's confederate had been shot and killed by the sheriff of Tehma county, a passenger on the train. Brady then killed the sheriff, and escaped with a few hundred dollars obtained by holding up the passengers. Great excitement prevails.

Looking for a Black Fiend.

WEST CHESTER, Pa., July 27.—A vigilant search is being made for Frank Gibbs, who is wanted for participating in a brutal crime at Hockessin early this week. The victim of the crime is Ella Staunton, a 15-year-old white girl, who belongs to a highly respected family of Hockessin. The girl was inveigled into a lonely place by Bessie Tillman, a colored women, when two colored men rushed out and assaulted her. They were assisted by the woman. The woman and George Whitman are now in jail.

Archbishop Kain's Property Troubles.

ST. LOUIS, July 27.—A default was entered yesterday in Judge Russell's court in the case of Father Walsh and others against Archbishop Kenrick, owing to the defendant's failure to make answer to the plaintiffs' petition to divest them of the trusteeships of church property. Archbishop Kain was then made codefendant on the ground that he has been archbishop of St. Louis since the suit was filed. Archbishop Kain filed an answer setting forth that he is archbishop of St. Louis.

Not the Negro Wanted.

WILMINGTON, Del., July 27.—Constable Weldon Nickerson, of Vineland, N. J., arrived in Wilmington yesterday, and at the police station saw the negro calling himself Preston Jones, who was arrested on suspicion of being Walter Squirrel, the negro wanted in Vineland to answer for feloniously assaulting a 6 year-old girl. Nickerson said the prisoner was not Squirrel, although he bears a remarkable resemblance to the New Jersey negro. Jones was released.

Women Lionizing Durant.

SAN FRANCISCO, July 27.—On the fourth day of the trial of Theodore Durant for the murder of Blanche Lamont the work of choosing a jury began in earnest. Slow progress was made. Of fifteen examined only one was passed, and he may be challenged by the defense later on. The number of well dressed women at the trial increases at every session of the court. Continual efforts are made by girls to lionize the defendant.

Didn't Know the Value of Money.

PEABODY, Mass., July 27.—Daniel Goodwin, the son of a thrifty and penurious parent, who left the young man about $30,000 when he died, some ten months ago, has been committed to the Danvers Insane asylum. When Goodwin came into possession of his father's property he began to spend it without regard for its value. During the past year he has tramped from California to Massachusetts.

BLOODTHIRSTY REDS

Everybody at Jackson's Hole Reported Killed by Them.

THE NEWS CONSIDERED AUTHENTIC

Fears That the Indians Will Continue Their Murderous Raid All Down the Teton Valley — Government Troops Hurrying to the Front.

POCATELLO, Idaho, July 27.—William Ross, of the firm of Ross, Grey & Wyatt, who has just arrived at Market Lake from St. Anthony, reports that everybody at Jackson's Hole was killed yesterday morning. It is considered authentic news, and the excitement is intense. United States troops from Cheyenne arrived in this city yesterday morning at 6 o'clock and left immediately for Market Lake, and will proceed thence by wagon road for the Fall river country. General Coppinger, who arrived at Market Lake this morning, will lead the troops.

Courier Sargent arrived in Market Lake yesterday from the vicinity of Jackson's Hole. He left a companion in the country who intended to get into the Hole if possible, and return with all the news. He is expected at Market Lake tonight. Sargent reports all the passes guarded, and is afraid his companion will not be able to obtain entrance.

M. J. Gray, L. M. Tart and Senator Hamer, of Illinois, and T. R. Hamer, of St. Anthony, all left St. Anthony Wednesday morning on a fishing trip to Jackson's Hole, taking no stock in the war. Today they are back and report many women and children in Jackson's Hole murdered.

One of the Denver News' couriers, just returned, got far into Teton Basin, which is the present point in danger of massacre, now that the Jackson's Hole citizens are all butchered. He reports that the smoke of a large fire can be seen for several miles in the direction of Jackson's Hole. There is no doubt that the redskins have fired every home and cabin, and before night they will be repeating their work this side of the Teton range, in Teton Basin, and perhaps after that all down the Teton river valley in Idaho.

Two hundred Utes were seen to have gone to the north to join the Indians in Hoback Basin early this week. Small parties of Lemhis have been slipping in daily across the Conat trail, something they have not ventured to do since the Yellowstone National park was enlarged in 1891.

People in St. Anthony, Roxburg and other towns located in Idaho between the railroad and Jackson's Hole have been all along placing no confidence in the Indian scare, as they called it.

Crazed by a Mock Marriage.

SPRINGFIELD, O., July 27.—At South Charleston a girl named Anna Hainey was recently made the victim of a mock marriage. Albert Paine, a young farmer, is the supposed husband. Paine told the girl his parents objected to his marriage, and it must be concealed for a time. He then got a friend to personate a minister and perform the marriage. The girl, it is said, has become insane, and it is feared she will commit suicide. Neither Paine nor his friend have been arrested.

Tramps Assumed Control.

WILMINGTON, Del., July 27.—A gang of thirty five tramps boarded, a few miles from Philadelphia, the freight train that leaves that place at 8:40 p. m. over the Philadelphia, Wilmington and Baltimore railway. When the train stopped at Gray's Ferry the tramps swarmed into the cab of the engine and compelled the engineer to go on. They then attacked the crew with clubs, coupling pins and other weapons, and drove them to the rear end of the train, after which they assumed complete control. Meanwhile the police of this city had been notified, and when the train reached here twenty-six of the tramps were arrested.

MURDEROUS CHEROKEE BILL.

He Adds a Prison Guard to His Long List of Victims.

FORT SMITH, Ark., July 27.—Cherokee Bill got his hands on another revolver last night, and used it in an attempt to liberate prisoners confined in murderers' row of the United States jail. His attempt was a bold one and resulted in the death of Larry Keating, the oldest guard of the force. On account of the hot weather and the long days the prisoners are allowed to remain in the corridors until nearly 7 o'clock.

When running in the prisoners all retired to their cells, and the two upper floors were run in without incident. After the brake had been thrown on murderers' row Eoff went in to lock the cells, while McConnell remained at the door. When Eoff reached the cell next to Cherokee Bill's he found the keyhole plugged, and while he was trying to clean it out Cherokee Bill came to the door and fired, shooting Keating through the stomach. He ran to the end of the corridor and fell dead.

Eoff ran back to the corridor on the east side of the cells, and McConnell, Parker and several deputies ran in and opened fire on Cherokee Bill whenever he tried to leave his cell. His ammunition was nearly exhausted, and he agreed to surrender his pistol to Henry Starr, which was done.

The pistol with which he did the deed was a new one. How he got it is a mystery, but Josie Brown, his sister, who has been here several days and visited him twice, has been arrested for it, and is now in the county jail.

Keating had been employed at the jail for ten years, and was a careful man. He leaves a wife and four children, besides many other relatives here. He was very popular, and many threats of lynching Cherokee Bill have been made, though the citizens, who were terribly excited, are now becoming cooled down. None of the prisoners left their cells except Bill, and he immediately jumped back into it, and the guards now have everything in order, though there is much confusion among the prisoners.

Crawford Goldsby, alias Cherokee Bill, alias Gorilla, is only 19, but has been convicted of train robbery and murder. One murder case is pending in the supreme court of the United States, and the charge of killing his brother-in-law is still on the docket here.

"Prominents" May Ignore Law.

CHICAGO, July 27.—On Feb. 22 last Governor William McKinley was the honored guest of the Union League club, of this city, at a banquet, the menu of which included ruffled grouse. It was fully a month past the time when the game laws of the state allowed the eating of grouse, and the state wardens at once began the prosecution of the club officials. Yesterday the case came up for trial before Justice Glennon, who discharged the club officials because the club house was not a public restaurant, the game was not for sale, and no evidence was submitted to show that the club had either killed or trapped grouse. The wardens are indignant over the decision.

Tramps Invade a Train.

ERIE, Pa., July 27.—At Ashtabula, O., a gang of thirty tramps boarded a passenger train on the Lake Shore road. As fast as they were ejected from one car they jumped into another. The passengers became intensely excited and a force of police was telegraphed for to meet the train. When it arrived the hoboes made a dash for liberty on seeing the police, and only eight out of the thirty were captured. Julian Mullen, an Erie brakeman, has been found near the station with his skull crushed. It is believed he was robbed and thrown from his train by the tramps.

An Aristocratic Forger.

LONDON, July 27.—Lady Frances Rose Gunning, widow of the late Rev. Sir Henry John Gunning, Bart., and daughter of the Rev. the Hon. William Henry Spencer, and granddaughter of the first Baron Churchill, was arrested in this city upon an extradition warrant charging her with forgery. The present Baronet Sir George William Gunning is the son of the late baronet by his first wife. The only charge lodged against her was that of forging her father's name to a bill for £50, but the police are investigating other charges of forgery.

ST. PETERSBURG, July 27.—Nine small traders who were passing the night in the open air at Amorosiffka, district of Taganrog, were murdered and robbed of 48,000 roubles by a man who joined them in the guise of a trader. The murderer was arrested and confessed that he had killed them, after drugging them with morphia.

COLUMBUS O., July 27.—J. H. Milliken, director general of the G. A. R. arrangements at Louisville, says in a letter to G. A. R. men here that all statements regarding the proposed drawing of a color line at the national encampment against negro ex-soldiers are absolutely false.

THE TARDY FRENCHMEN

The Waller Court Martial Records Still Withheld.

MAY MAKE PEREMPTORY DEMAND

Our Government Will Not Submit Much Longer to the Dilatory Frenchmen, and the Case May Yet Lead to Serious International Complications.

WASHINGTON, July 27.—The officials of the state department are at present anxiously awaiting information from Ambassador Eustis as to the manner in which the second demand for the record of the Waller court martial, which was held in Tamatave, has been received in France. It is now learned definitely that the French government refused to furnish the record upon the first presentation of the request, and that this refusal was met on the part of the state department by a more positive and pressing demand for all the papers.

The department is informed by Ambassador Eustis that this demand has been presented to the French authorities. There has been quite sufficient time for a reply, but none has been received. The delay would seem to indicate that the French authorities appreciate the situation to an extent at least, and while apparently not prepared to change front without due consideration are yet disposed to delay another refusal as long as it can be done under diplomatic usage.

The course of the French in their refusal to supply the record is considered most unusual, and as no explanation of the decision was vouchsafed, the department is at a loss to know upon what grounds it was based. It is customary when a government asks for the evidence upon which one of its citizens has been convicted and sentenced to furnish a copy of the record, especially when the trial has been by a military court and in a country foreign to the two governments. There is no other means by which the government officials may determine whether justice has been done or denied its citizens. It is presumed that if the refusal is persisted in and an explanation is made in response to the renewed demand, it will be based upon the conclusiveness of the trial by the French court martial, but Mr. Kennedy, Waller's senior counsel, asserts that the precedents against this position are beyond question.

The supposition is gaining ground that France's refusal to furnish the record is due to a desire not to give publicity to revelations made in the letters from Waller, which were intercepted by the French authorities, concerning the misconduct of some of the French soldiers. In letters which have been received here from Waller within the past few days he reveals the fact that in his letters to his wife he informed her of various outrages committed upon the native women of Tamatave, and gives such a circumstantial account of these proceedings as to reflect on the French soldiery in Madagascar in a way which the French authorities might not desire to see published to the world.

There is good reason for believing that in case of a second refusal by France to supply the record a third demand will be made, which will be peremptory. It is not believed, however, that this step would be taken in the absence of Secretary Olney, as it is probable that if made it might lead to serious international complications.

The state department authorities consider the case as one of importance, because it is liable to develop some very delicate and intricate questions before it shall be finally disposed of. It is known that Secretary Gresham took this view of it, and it is believed that while he has not had occasion to go into the details to the extent that his predecessor did, Mr. Olney also feels that it is a matter of extreme gravity.

Kansas' Governor Appeals for Waller.

TOPEKA, Kan., July 27.—Governor Morrill has addressed a letter to President Cleveland, again calling the attention of the federal government to the imprisonment of Ex-Consul John L. Waller by the French government. He says: "The people of our state feel that a great outrage has been perpetrated upon one of its citizens. It is not a question of race or color—it is a question of American citizenship—and through me the people of our state appeal to you to take immediate and active measures to secure justice to our fellow citizen." Congressman Curtis has sent another telegram to Secretary of State Olney on the subject, saying that he had written to the state department three letters and sent one telegram, but had received no reply.

The Sheriff Responsible.

NEW YORK, July 27.—Recorder Goff summoned the grand jury before him and delivered a charge upon the negligence of Sheriff Tamsen in permitting the escape from Ludlow street jail of the three post-office robbers, Allen, Russell and Killoran. He said in strong terms that the sheriff could be held responsible for the prisoners' escape. The same question was recently considered by the federal grand jury, which contented itself with censuring the authorities.

Bulgaria's Brutal Apathy.

LONDON, July 27.—The correspondent of The Standard at Constantinople comments upon the fact that Bulgaria does nothing towards the arrest of the suspected instigators or the actual murderers of Stambuloff. "The whole tone of the government press," the correspondent goes on, "indicates satisfaction at the brutal murder, while the persecution of his family is unabated and the sequestration of his property is maintained."

THE HAVERHILL SCANDAL.

Almshouse Officials Declare They Court an Investigation of Alleged Abuses.

HAVERHILL, Mass., July 27.—Excitement runs high here over the proposed investigation into the management of the almshouse, and its step is generally applauded by the citizens. Charges have been preferred several times before, but have always been allowed to drop without investigation.

Mayor Jewett and Alderman Allen say that the published stories do not give a correct account of some of the transactions there. Witnesses have come forward and will testify at the investigation to acts of cruelty to inmates, putrid food, the eating of which made numbers of inmates ill, and to instances where inmates were confined to solitary cells, with bread and water, for trivial offenses.

Chairman Oliver W. Hubbard, of the board of overseers of the poor, says he frequently called upon the semi-paralytic Doughton, but heard no complaints. City Physician Clark, who attends all patients at the almshouse, says no complaint has been made to him by any inmate of the institution. Superintendent Savage, of the almshouse, makes a general denial, and, with Mr. Hubbard, says he is desirous of a full public investigation, which, they say, will show conclusively that Haverhill has the best almshouse in the state.

Manley Favors the Pacific Slope.

AUGUSTA, Me., July 27.—Joseph H. Manley said today that the national Republican committee will meet in Washington in December to select the place and date for the next Republican convention, instead of November, as reports have had it. "So far as my preference is concerned," said Mr. Manley, "I have for a long time thought that it would be a good thing to hold the convention on the Pacific coast. I favor San Francisco as the city in which the convention should be held. I do not know the view of any of the other mem of the national committee on the matter, and the matter will, of course, be settled by the vote of the majority."

Charged with Petty Swindling.

CHICAGO, July 27.—Warrants were taken out yesterday for the arrest of Walter T. Swain, on the charge of petty swindling. Swain was a member of the Peary expedition to the North Pole which left Philadelphia in June, 1893. Lieutenant Peary picked up the young man in Brooklyn, and made him his private secretary. Swain was rescued with the rest of the party last year by an expedition of which Professor T. C. Chamberlain, of the Chicago university, was a member. He turned up in Chicago about two weeks ago, and it appears devoted himself to a series of swindles, of which members of the Peary expedition were the victims.

Atlantic City's Champion Yacht.

ATLANTIC CITY, July 27.—The ocean yacht race, under the auspices of the Corinthian Yacht club, of this city, was held yesterday. The race was open to pleasure craft of all sizes and description, and was won by the schooner yacht Helene, Commodore F. S. Brown, of the Philadelphia Yacht club. The sloop John E. Mehrer was leading the Helene, but Captain Gale refused to shorten sail, in consequence of which the wind carried away his bobstay and snapped the jibboom in half, and the Mehrer was compelled to retire.

Vessel Wrecked, Crew Saved.

PORT TOWNSEND, Wash., July 27.—The steam tender Ella Tohliffs arrived here yesterday from Alaska with news of the loss of the ship Raphael at Tanglefoot bay. The ship and cargo are a total loss, but the crew was saved. The Raphael was lying in the stream on July 7 preparatory to sailing for San Francisco, when a violent storm arose. The vessel dragged her anchors and went ashore despite all that could be done to save her. She began to break up as soon as she struck the shore.

Four Children Cremated.

BIG STONE GAP, Va., July 27.—John Hicks' house was burned during the night. Four of his children were burned to death and his wife and one more child were badly burned. The fire caught from a stove and burned very rapidly while his family slept. It was not discovered until it was too late to do more than save the parents and one child on the lower floor.

A Millionaire's Trial for Murder.

UNION, Mo., July 27.—Arthur Duestrow, the millionaire who two years ago murdered in cold blood his wife and child, was brought to trial yesterday on the change of venue from St. Louis. Governor Charles S. Johnson is the chief attorney for the defense. Duestrow's defense will be alcoholic mania.

General Schofield Praises the Army.

WASHINGTON, July 27.—General Schofield, commanding the army, has returned from his tour of inspection of army posts in the west and northwest and his trip to Alaska. The general was absent from the capital over two months, and during that time inspected between twenty and thirty army posts. He is very much gratified at what he saw, and has nothing but words of commendation and praise for the army. The army posts where the men are stationed are generally in excellent shape and condition, though in some cases there is a lack of money to provide properly for their equipment.

A Binghamton Baby.

BINGHAMTON, N. Y., Sept. 21, 1894.

"Dr. Hand's Colic Cure brought a blessing to my house. My baby is eleven weeks old and had the colic since birth every day. HELD BY THE ENEMY.

Guatemalan Officers Arrested Cross For Sketching, and Now He Wants Damages.

Guatemala is a good country to keep away from if the story Dr. H. N. Cross of Stockton, Cal., tells is true. The doctor went there for his health, was mistaken for a Mexican spy and got into jail, and he now wants the United States government to make Guatemala pay $5,000 damages in gold for the outrage. When Dr. Cross reached Guatemala, he learned that a foreigner is compelled to take out all sorts of expensive papers before he can enjoy the pleasures of existence. He says it costs an American $2 for a permit to walk down the street and about $2 for another kind of a permit in order to get back again. There is no extra charge for air, but a foreigner must possess a documentary excuse for breathing it or go to jail.

Cross was anxious to avoid trouble, and he bought every permit and passport in sight, expending therefor the $15 that he had in his inside pocket. He told a friend that they came high, but he felt that he must have them. Thus armed, Cross would have avoided all trouble had he not been addicted to the water color sketch habit. He painted the most imposing buildings and foun-

tains in Guatemala City, and as his freedom from interference seemed to indicate that his permits and passports covered water color sketching he attempted to immortalize with his brush Fort de San Jose. There were pictures of the fort in every photographer's window, he says, and he consequently had no idea that any one would object to his innocent pastime. He had secured an excellent exterior view of the fort when two officers in gorgeous uniforms gave him an interior view that was excellent in its way, but lasted too long.

In other words, they imprisoned him for several days without even telling him the nature of the charge against him. United States Minister Young finally secured his release. No apology was offered, and Dr. Cross left the country, broken in health and outraged in spirit.

The Work of the Heart.

One of the most remarkable things about the heart is the amount of work it does. Considering the organ as a pump whose task is to deliver a known quantity of blood against a known "head," it is easy to show that in 24 hours a man's heart does about 124 foot tons of work. "In other words," says a contemporary, "if the whole force expended by the heart in 24 hours were gathered into one huge stroke, such a power would lift 124 tons one foot from the ground. A similar calculation has been made respecting the amount of work expended by the muscles involved in breathing. In 24 hours these muscles do about 21 foot tons of work."

A Mob.

A mob is usually a creature of very mysterious existence, particularly in a large city. Where it comes from or whither it goes few men can tell. Assembling and dispersing with equal suddenness, it is as difficult to follow to its various sources as the sea itself, nor does the parallel stop here, for the ocean is not more fickle and uncertain, more terrible when aroused, more unreasonable or more cruel.—Dickens.

Narcoti-Cure

Cures the Tobacco Habit in 4 to 10 Days or Money Refunded.

Use All the Tobacco You Want Till Your "Craving" is Gone.

NARCOTI CURE is the only remedy in the world that acts directly on the nerves and drives the nicotine from the system in from four to ten days. It leaves the patient in better health than before taking, and is warranted free from any injurious ingredients.

NARCOTI-CURE is popular because it allows the patient to use all the tobacco he wants while under treatment, or until the "craving" and "hankering" are gone. It is then no sacrifice to throw away tobacco forever.

NARCOTI-CURE is sold at the uniform price of $5 a bottle, and one bottle cures.

Money refunded if a cure is not effected when taken according to directions.

Springfield, Mass.

Gentlemen:—Replying to yours of the 1st, would say that I have used tobacco for 46 years, and of late have consumed a 10-cent plug a day, besides smoking considerably. I commenced to use tobacco when I was only 11 years old, and have never been able to give up the habit until I took NARCOTI CURE, although I have tried other so called remedies without effect. After using your remedy four days, all "hankering" for chewing disappeared, and in four days more smoking became unpleasant. I have no further desire for the weed, and experienced no bad effects whatever. I am gaining in flesh, and feel better than I have for a long time. To all who wish to be free from the tobacco habit I would say, use NARCOTI CURE.

Yours truly, W. N. WHITE.

If your druggist is unable to give you full particulars about Narcoti-Cure, send to us for a Book of Particulars free, or send $5.00 for a bottle by mail.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50 cent bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

DON'T YOU DO IT!

Don't You Put Any Money in Building Lots that are from One to Two Miles from Franklin Square.

True, "some time," the city will grow out that far, but when? True, you can get there by taking the trolley, but that costs each year as much as the interest on a complete house and lot. Don't you put any money in a building lot that can't be reached by water, gas mains and the sewer system, and that are outside of the corporation limits o the city. These facts are more important than they at first seem. Don't you let any man put a restriction in your deed. Own your land in fee simple, without one single restriction that will prevent your selling it. Any good lawyer will tell you that.

BECAUSE WHY.

If you want to make a loan to help yourself build, it will be difficult. Because your insurance costs more. Because your house may burn down without fire protection. Because you will always have to depend on a well or cistern. Because your wife can't walk if she misses the last car. Because you can never have a sewer. Because deep snow may keep you home for two or three days. Because your land won t increase in value.

RICHMOND HILL!

Lots have passed the experimental stage. We have sold 150, to many of the best citizens of the city. The lots are only five minutes from Franklin Square. They are nearer than the Wickham avenue depot, they are on high ground, they are rapidly building up, they are within the city, they are a short distance of sewer, water and gas, they are large lots, they overlook the entire city, they are backed by men who won't see them lie idle. They are cheap in price to the first comers (for this year at any rate). We are selling them on easy terms—$5 per month, without interest, and a suitable reduction for cash.

DELAWARE COUNTY'S WILD MAN.

He Eats Horses—Described as a Giant and of Hairy Appearance—Reign of Terror.

From the Walton Reporter.

One night recently, as Peter Thomas was driving along a lonely road, he was startled by seeing a wild-eyed man or ape, whose ferocious appearance frightened him into a state of helplessness. The creature jumped into the road, seized the rear horse, with a single sweep of its long hairy arm tore the harness from the trembling beast, and after breaking the horse's neck with a single deft twist, dragged him into the woods and out of sight. Mr. Thomas was too thoroughly frightened to give a definite description of the creature, but is firm in his delaration that it was a man.

Saturday the excitement was still further increased by the discovery of what had evidently been the camp of the creature. It was run upon by a party of berry pickers in the woods near Rattlesnake hill. A big fire was still smouldering and nearby was a portion of the carcass of Mr. Thomas' horse, and scattered about were the bones and remains of several cows, sheep and other animals. The party left in sudden haste.

Those who have seen this fearful creature agree only in one thing; they would not face the thing for all the wealth of the Vanderbilts. A panic has seized the farmers and lumbermen of that region. While the more courageous are organizing parties to hunt the creature down, the more timid are leaving the neighborhood. It is thought by some that the animal is a chimpanzee that has escaped from some menagarie, while others claim that it is a man, reduced to a state of animal ferocity by long exposure and a demented mind.

How to be Handsome.

It is a mistake to suppose that the only way to be good looking is to be born so. Good health has more to do with good looks than anything else. Such diseases as constipation, dyspepsia, liver complaints, rheumatism, nervous disorders, &c., not only shorten life, but spoil tempers and "looks." Bacon's Celery King for the nerves cures these troubles. John J. Chambers sells it and will give a sample package free. 8

WHAT OUR NEIGHBORS IN SULLIVAN COUNTY ARE DOING.

All the News from All Parts of the County—Many Matters of Interest Condensed from our Sullivan Exchanges and Contributed by Wide-Awake Correspondents.

—The Keegan farm of 150 acres, on Swiss Hill, near Jeffersonville, was sold, Saturday, to Mrs. Margaret Egler, of Swiss Hill, who made the only bid, $1,200. The place, it is said, would have been dirt cheap at $2,000.

—Many of our farmers are anxious to sell their cattle at any price. Nothing to feed them—except grasshoppere.—*Jeffersonville Record.*

—The *Record* says that on account of the scarcity of money the Masons of Jeffersonville will hold no clambake, this year.

—The man in Waverly, from whose piazza a fine view is afforded of giant boulders and empire rocks, excuses himself from attending church on the ground that his opportunities are ample for reading "sermons in stones."—*Watchman.*

—A fine buck which has been kept for several years in a park on the Towner farm, near Monticello, escaped about two weeks ago, and although it has been seen several times on neighboring farms all attempts to recapture it has been unsuccessful.

—The *Watchman* says that during the storm of Saturday, July 20th, the lightning was unusually severe. Many trees were struck and some rocks shivered into fragments. The Postal Telegraph lines were ablaze with electricity in the early part of the evening and in many places the fluid ran down the poles and threw up the earth as though a bomb shell had exploded.

—Mr. W. Elmore, near South Fallsburgh, has, during the past week, met with hard luck. On Thursday morning last he had three sheep injured by dogs; one was killed and two severely hurt, so that they cannot get well. On Saturday night his wagon house was struck by lightning and badly wrecked. On the same night dogs again attacked his sheep and wounded six and drove away three, which cannot be found.—*Liberty Register.*

—Mrs. W. H. Hubbard, wife of the proprietor of the Lake Side House, at Pleasant Lake, was thrown from a wagon in Monticello, Tuesday, by the dishing of one of the wheels in turning a corner and her left leg was broken and her ankle dislocated.

—The *Register* says that the lack of pasture due to the dry weather has cut down by twenty per cent. the shipments of milk from this county.

THE GRASSHOPPER PLAGUE.

All Growing Crops in Delaware County Threatened With Destruction.

The Walton *Reporter*, writing of the grasshopper plague in Delaware county, says that corn, oats, potatoes and even fruit on the trees are threatened with destruction. They have even invaded the villages and are likely to ruin gardens. Most of the insects are the small brown grasshoppers which have in former years been common but not numerous, but of late large green grasshoppers have appeared and have increased and multiplied at a most alarming rate. The only hope of relief is a soaking rain of several days' duration which will drown the hoppers out.

Bitten by a Copperhead.

From the Milford Dispatch.

A young daughter of Charles Conkling, of Rosetown, was bitten by a copperhead snake on Sunday. She was driving cows to pasture and walking barefooted when the snake sprang and bit her on her ankle. Her limb became swollen and she suffered greatly from the poison injected into her system, but under proper treatment is getting well.

Diphtheria In Fishkill Landing.

Much alarm is felt in Fishkill Landing because of an outbreak of diphtheria in that village. Thus far all the cases are on Hudson avenue. There have been five deaths and something like fifteen serious cases. New cases are reported daily. The infected houses are strictly quarantined.

THE PRESIDENT COMING TO MIDDLETOWN.

The Sick May Receive Medical Services Free of Charge.

The President and members of the European and American Staff of German, English, Irish, Scandinavian and American Doctors of New York city will be at the Russell House, Middletown, on

Tuesday, August 6th,

one day only. The sick and afflicted may consult them without charge during their stay.

If you are incurable they will tell you; therefore invalids must not take offence if they are rejected, as no case will be accepted unless there is a moral certainty of a cure being effected. These Doctors are graduates of the best universities of Europe and America; they are of the highest standing in the medical profession and have had unlimited experience in the treatment of all Chronic Diseases and Deformities. As the latest methods, instruments and appliances of the various schools of both the Old and the New World are familiar to and at the command of this staff of doctors, it is reasonable to believe that in ninety cases out of every hundred a cure can be effected, even when the patients have been given up as incurable by doctors who have had less experience. Do not be discouraged because your doctor cannot give you relief, or even if he tells you that you cannot get well, for it matters not what your disease may be, you can consult the doctors free, and, if curable, they will treat you; if incurable, they will give you such advice as will tend to prolong life and afford you the greatest relief.

The doctor visits Middletown one day each month. Will be at 21 Broom street, Port Jervis, Wednesday, August 7th. Office hours from 10:30 a. m. to 5 p. m.

SATURDAY, JULY 27, 1895.

Susan Hook, the Paterson woman who accused her neighbor of having bewitched her, is to be given a course of treatment in an insane asylum. This is an improvement on the Puritan style of dealing with witches. Two centuries ago at Salem they would have burned the innocent woman at the stake and left the victim of an insane delusion at liberty to bear false witness against some one else.

The Treasury receipts, this week, have been considerably over a million a day and largely in excess of the expenditures. For the first twenty-six days of this month the receipts have been $25.274,959. For the first ten months that it has been in operation, the Wilson tariff has yielded $131,692.326, and for the corresponding ten months the McKinley tariff yielded $104,979,262. This looks like conclusive proof that the Wilson tariff will provide as much revenue as the McKinley law, while leaving millions of dollars in the pockets of consumers.

The newspapers have had much to say concerning the case of Rev. J. C. Stinson, the Downsville pastor, and Miss Emma Lindsley, the member of his flock, who "went wrong" while attending the Christian Endeavor convention in Boston, but nothing has been said concerning the part played in exploiting the scandal by the sniveling descendants of the Puritans, who had the couple dragged to police court and their shame exposed to all the world. According to the Boston *Globe's* version of the affair, a Mrs. Grindell, to whose house Parson Stinson had been assigned by the entertainment committee, became suspicious after Miss Lindsley's first visit to her pastor's rooms that she was not his wife, and made haste to tell her husband of her suspicions. That night, after Mr. Stinson and Miss Lindsley had returned to the house, the Grindells, inspired by an exalted sense of Christian duty, listened at keyholes until they heard enough to satisfy them as to the true relations of their guests. A rum-selling tavern-keeper or a man whose heart was not full of Christian charity and heavenly thoughts would have turned the erring couple out of doors and drawn the veil of silence over their transgression. Not so with the pious Grindells. It may reasonably be assumed that they made their keyhole discovery the theme of prayerful consideration during the night watches. At any rate, morning found them nerved to do their duty according to the strictest Puritanical standards. Grindell consulted with his pastor, who seems to have been of the stuff witch-burners were made of, and the result of the consultation was that the machinery of the law was set in motion, and under an old, obsolete and almost-forgotten statute, Stinson and his paramour were arrested, locked up and fined. Shame and sorrow were thus brought on two families and the Christian religion was publicly disgraced to just the extent that it can be disgraced when those who profess it depart from its teachings. And the canting, latter-day Puritans who have done all this, wrap their mantles of self-righteousness a little more closely about them, for they feel that they have done it in the name of Him who said, "He that is without sin among you, let him first cast a stone at her."

WHAT MIDDLETOWN'S INCREASED TAX RATE MEANS.

The increase of $2.14 of tax on every $1,000 of valuation in the city of Middletown, due to increased expenses under a Republican administration, means much to the owners of small homes, who pay the bulk of taxes. If the little home is assessed at $1,000, it will be necessary for the man with a slender income to deprive himself of a hat, his wife of a pair of shoes or his children of dresses to save the extra sum he must pay the collector unless he and his family live on plainer food. If the saving is made in food, it means twelve dozens less of eggs, forty-three fewer bottles of milk for the little ones, a dozen pounds less of butter, half a barrel less of flour, about four bushels fewer of potatoes, or twenty pounds less of meat to sustain the strength of the worker in the family who must pay the extra taxes.

It means a day and a half's wages to the laborer, a day's wages to most mechanics, and many extra hours of toil to the woman who works for a living in shop or at the washtub. Republican editors and politicians regard it as of trifling importance, but it is a serious matter to those who are toiling every day to pay for the little home. Republicanism is an expensive luxury.

What Shall I Do?

Is the earnest, almost agonizing cry of weak, tired, nervous women, and crowded, overworked, struggling men. Slight difficulties, ordinary cares, household work or daily labor, magnify themselves into seemingly impassable mountains.

This is simply because the nerves are weak, the bodily organs debilitated, and they do not

proper nourishment. Feed the nerves, organs and tissues on rich red blood, and how soon the glow of health comes to the pale cheeks, firmness to the unsteady Land, and strength to the faltering limb.

POOR TIME FOR CALAMITY HOWLING.

From the New York Herald, Ind.

Republican talk about the revenues falling off and the nation running to bankruptcy since the McKinley law was wiped out is worse than claptrap. It is not yet forgotten that the Republican administration found the Treasury full in 1889 and left it empty in 1893. As for the McKinley tariff, the customs receipts under it fell from more than two hundred millions the first year to a hundred and thirty-one millions the last year of its blighting operation, while the total yearly revenues of the government during the same period dropped nearly a hundred million dollars. As to the excess of revenue over expenditures the amount declined from eighty-seven million dollars the first year of the Harrison administration to two million dollars the last year. There has since been a deficit, but it has been due to the blight of protection, pension extravagance and the ruinous consequences of the Silver Purchase law.

Thanks to the halt called on protection and on the mischievous purchase of silver, the country is on the highway to prosperity. With business reviving in every quarter, financial stability returning, mills and factories starting up, wages advancing and other signs of better times on all sides, and with every prospect that the revenues of the government will steadily improve under the new tariff, it is a discouraging time for calamity howling or trying to show that the nation is running to bankruptcy.

A good appetite and refreshing sleep are essential to health of mind and body, and these are given by Hood's Sarsaparilla. 3

Your Ice Cream—is its flavoring pure?

Of all flavors PURE Vanilla is best suited for a cultured palate or a delicate stomach.

If you buy Vanilla Ice Cream insist upon PURE Vanilla. We are large manufacturers of this Extract, and we want everyone to know a pure vanilla flavor when he tastes it.

When you drink our Vanilla Ice Cream Soda Water, notice the delicacy yet clearness of the flavor. THAT'S PURE Vanilla of the highest type. Then when you drink it elsewhere, notice the difference. If different, it's adulterated. Some ice cream makers, from a mistaken idea of economy, use adulterated Extract Vanilla.

We offer pure Extract Vanilla at a fair price to everyone—the quantity required (a small teaspoonful to a quart of ice cream—no more) makes it true economy to use our Premium Extract Vanilla. What do you use? What does your ice cream maker use?

HERE'S GOOD NEWS.

The Saw Works to Run on Full Time and the Rolling Mill to be Started Up.

It will be good news to every body in Middletown, and especially to the present and former employes of the National Saw Works, and the steel mill attached, familiarly known as the rolling mill, that both establishments are about to be started up on full time and soon to be running at their full capacity.

The saw works have been running on short time for the past year and a half, but on Monday morning will be started up on full time.

The steel mill has been idle for the past two years, and considerable work is necessary in the way of repairs and a general overhauling to get the mill in readiness for operations, but it will be started up in a few days, when about 100 men will be furnished with employment in this department, and over 300 in the whole establishment.

The National Saw Works is not only one of the most important manufacturing establishments in the city, but one of the best plants in the country. It has facilities for turning out every kind of work in its line, and has a reputation for first-class goods second to none. Its prosperity means much to Middletown. The operation of the saw works and the steel mill on full time will not only furnish a livelihood for hundreds of families, but will put into circulation a vast sum of money, the greater part of which will find its way into the tills of Middletown merchants.

FRIGHTENED AT A CRAMPUS.

Dr. Robinson Thrown From His Wagon and Injured.

Dr. W. B. Robinson the James street dentist went out driving yesterday afternoon accompanied by his brother. The horse took fright at a hand car when near the Genung street crossing of the Erie and sprang to one side, upsetting the wagon and throwing both the occupants out. Dr. Robinson struck the ground first and his brother fell upon him. The doctor was so badly bruised about the hips that he has since been laid up and is likely to be for a few days. His brother was not injured.

The horse ran a few rods when it was caught by a little boy who held out his straw hat to it. The animal forgot its fright and began making a meal of the hat. The wagon was considerably damaged.

IN ANCIENT GOSHEN.

Some Personal Notes—Pleasures of the Roller Coaster—Advantages of Living in the Neighborhood of the Sea Serpent.

From a Special Correspondent.

—Mr. Augustus Ireland, of Fultonville, New York, spent last week with his family at their home at Crystal Run.

—Mr. Charles Coleman and family started for the Adirondacks, on Thursday of this week.

—The roller coaster, at Midway Park, is well patronized and apparently enjoyed by many, but now and then there happens to be some one who does not exactly rave over it. A friend of the writer's was induced, not long since, to try this popular amusement, she being urged thereto by her own familiar friend whom she trusted, although she noticed with some misgivings that when it was suggested that the f. f. herself should go, she said that she loved it but did not care to go again right away. Finally this too confiding person was persuaded, the coaster started and in a moment she wished it would stop and let her off but it didn't; it went faster and faster. She was not precisely like the oft quoted drowning man before whose dying eyes his whole past life unrolls itself in an instant, but in her ears kept ringing the words uttered shortly before by one of the party: "I don't see what keeps the thing on the hill, any way." She didn't, either. She was urged by her companions to admire the beauties of the landscape but she did not care very much about landscapes just then, and when she alighted it was with the idea firmly fixed in her mind that, while there were Sunday school picnics and church sociables in the world, there were plenty of innocent enjoyments without the roller coaster.

—What a boon the sea serpent has been for many years to newspaper writers in search of a paragraph. He is a most considerate creature, too, for it is always in the dullest season of the year that he makes his appearance and gives some fortunate individual a chance to describe him and dwell lingeringly upon his charms of person and manner. It is enough to make less fortunate scribblers, who live inland, long for a glimpse of the bandersnatch or jubjub bird which unfortunately exist only in the imagination of Lewis Carrol of "Alice in Wonderland fame." OBITUARY.

Mrs. Frances A. Boyd.

Mrs. Frances A. Boyd died at her residence, No. 21 Roberts street, at 11 o'clock, Friday night. She was the widow of David R. Boyd and mother of Charles J. Boyd, of the *Press*, who was the only child. Mr. Boyd died in 1881. Had the deceased lived until Saturday she would have reached her seventy-fourth birthday. Death was the result of consumption of the bowels and other complications.

Mrs. Boyd was born in Summerville, town of Goshen, July 27th, 1821, and was the daughter of Michael and Annie Jackson, who were related to many of the families in that town. She was married October 26th, 1844, in this city, at the residence of her sister, Mrs. William Stewart, which was then on South street near the corner of Main. Her early married life was passed in New York city, but she has spent most of her years in this city.

Mrs. Boyd became a member of the Presbyterian Church at Montgomery in early life, and after her marriage attended the Broadway Tabernacle, while Dr. Thompson was pastor. Upon taking up her residence in Middletown she brought her letter to the First Presbyterian Church. For many years she was active in church work, teacher in the Sunday school and lady superintendent, and President of the Ladies' Aid Society. For the last twenty years, however, she had led a quiet life by reason of illness, and for the last five years was a great sufferer, which she bore with Christian fortitude and patience. She was a good mother, none better, or more kind and indulgent, with her influence, counsel and admonition always from the Christian standpoint.

She is survived by a sister, Miss Jane R. Jackson, who has made her home with the deceased, and no one could have done more for the comfort of an afflicted sister than she; also by a brother, Theodore A. Jackson, of East Lemon, Wyoming county, Pa. Mrs. William Stewart, who died in this city in 1875, was the eldest of the family. Another brother, James E., died at Washingtonville some six years ago.

The funeral will occur Monday afternoon, at 2 o'clock, from her late residence. In the absence of Rev. Dr. Gordon, Rev. David McLeod, of the Denton Presbyterian Church, who is a relative by marriage, will conduct the services.

Brain Pills for Victims of Jewelry Fakers.

Jewelry fakirs struck the village of Sparrowbush, yesterday. After displaying their girded wares and promising to give every purchaser a present at the close of the sale, the people tumbled over each other to make purchases.

When the sale closed each purchaser was presented with a "brain pill," warranted to clear the cobwebs from the brain.

The victims now regret that the pills were not furnished them before they made the purchases.

Bad Hay Weather.

David R. Miller expected to do a big day's work in the hay field, today, but the "catchy" weather interfered with his plans, and, this afternoon, he and his men have been pulling weeds in the garden, and that "after haying" job on Highland avenue is no nearer than it was yesterday.

An Important Question.

If your friends or neighbors are suffering from coughs, colds, sore throat, or any throat or lung disease (including consumption), ask them if they have ever used Otto's Cure. This famous German remedy is having a large sale here and is performing some wonderful cures of throat and lung diseases. John J. Chambers will give you a sample bottle free. No matter what other remedies have failed to do, try Otto's Cure. 5

A SWEET YOUNG FACE.

Along the noisy city ways
And in the rattling city car,
On this the dreariest of days,
Perplexed with business fret and jar,

When suddenly a young, sweet face
Looked on my petulance and pain
And lent it something of its grace
And charmed it into peace again.

The day was just as bleak without,
My neighbors just as cold within,
And truth was just as full of doubt,
The world was just as full of sin.

But in the light of that young smile
The world grew pure, the heart grew warm,
And sunshine gleamed a little while
Across the darkness of the storm.

I did not care to seek her name,
I only said, "God bless thy life,
Thy sweet young grace be still the same,
Or happy maid or happy wife."
1888. —Phillips Brooks.

THE EARTHQUAKE.

Surely no building of its size ever contained more food for the imagination than my friend Norman's riverside bungalow. It was fairly crammed with curiosities from many lands.

Jack Norman had not only "been everywhere and seen everything," as the saying is—he had brought home a shipload of mute but convincing witnesses.

Capital yarns he would spin about his treasures too, but of one object neither he nor his pretty Spanish-American wife could be induced to speak, except casually.

"The Liberator is sacred," he would say when asked where he got it, or "The Liberator has been in an earthquake," when its battered appearance was commented upon.

It was the figure of a satyr in bronze, about 3 feet high, with the legs and hoofs of a goat, short, blunted horns, huge pointed ears, grinning, lopsided mouth and a broken nose. Its left eye had also been in the wars—the metal was dented as if by a heavy blow, which had changed the figure's original roguish expression into a hideous leer.

Often have I seen Jack put his arm round its wry neck and talk to it with all the affection that a parent bestows on his offspring. But it was Mrs Norman who gave me the clew to the secret.

Jack had been seriously ill—a return of jungle fever. His wife came to me in the drawing room.

"Oh, he is so much better," she said, with her dark eyes swimming. "He soon will be well Ah, me! What would I do without my brave, true husband? I think no wife has ever been so happy as I. And"—turning to the hideous satyr—"you gave him to me, you dear old thing!"

She flung her arms round the twisted neck and kissed the grinning mouth. A dozen times she pressed her warm lips to the cold bronze.

I could not help smiling.

"You laugh," she said, "but it is true. Some day Jack shall tell you, perhaps. We do not like to speak of it. There is a grave beyond the sea. A mother rends it who would grieve if the truth were known."

Soon afterward I had the good luck to do Norman a service

"I must make you a present," he said. "Look round and tell me what you would like. I bar the Liberator, of course."

"I won't take anything," I answered "If you'll tell me why you set such store by that old bronze, we shall be quits."

"I couldn't have done it a week ago for a certain reason. But the person concerned is dead." I had noticed that Mrs. Norman was in deep mourning.

He took a crude, guardless sword from the wall. "Do you know what this is?" he asked.

"Some sort of sword," I replied.

"It is a Nicaraguan machete, carried by all the men and many of the women in that unquiet country. Look along the edge."

I did so and perceived a dull stain near the square point Jack drew his finger down a long white scar on his bronzed cheek

"That stain is blood. It came from here—some of it. I got a worse cut on the head. Now I'll tell you the story."

He lit a cigar flung himself into an easy chair and began.

* * * * * *

"Some years ago I had an interest in a Segovian gold mine. Segovia, I should say, is in Nicaragua, between the Great lake and Honduras Tiring of the wild life, I resolved to visit Granada. One night I put up in the hotel, and that was too long, for I was eaten alive Next day I sought out a vacant house, found the owner and struck a bargain.

"The house I rented was an immense building erected on three sides of a courtyard paved with marble There was not a pane of glass in it, but plenty of shutters The courtyard had a broken fountain in the center, waterless, of course, and it had hidden by rubbish and shrubs, run wild long since

"The time hung pretty heavily upon my hands, so one morning I set to work to clear away the rubbish that choked the basin of the fountain. At the very bottom of the heap I found the Liberator

"I cleared the statue myself. Pepe dared not touch it at first He said it was a Carib god It wasn't in its present battered condition then, and I considered it a great find We set it up on a shelf above my bed, and in 15 hours I had forgotten all about it

"Of course I visited the cafes, where you may drink bad chocolate and gamble to your heart's content. Everybody does both there, and 'when one is in Rome —you know the adage?

"At a gambling house I met Don Manuel Arguello By way of return for the money he had won of me he took me home and introduced me to his mother and cousin After that I called every day, for I had fallen in love with the Senora Isabel.

"The passion of my life was returned. But I was unaware that Don Manuel also loved her. I did not learn until too late that he had long looked forward to repairing his broken fortunes by marriage with his cousin. He enlightened me—I need not describe the scene—and I refused to stand aside. Then he threatened to take my life.

"As you know, my wife is a capital horsewoman, and it was our custom to ride daily on the Los Cocos road. One morning my darling failed to meet me at the trysting place. I dismounted to wait, leaving my horse with Pepe. Presently he called me, and I found him examining the tracks.

"'Senor,' said he in his grave fashion, 'here is the trail of the senora's mare. It is fresh. It was made this morning.' He moved on, bent double.

"'Other horses have halted here, have plunged about and have gone. The senora's mare went with them.' Again he moved on.

"'Ah!' he exclaimed presently, 'there is the print of a lasso ring which has missed the mark. There the senora's mare halted suddenly, like the wise animal she is. That lasso did not miss, and she has had a fall before maybe'—

"'What on earth are you driving at?' I cried.

"'The senora turned there and spurted the mare,' he said. 'The other horses followed in a great hurry, senor. She did not gallop far, as we have seen. Afterward she went quietly.'

"'For the love of heaven tell me what you have learned!' I cried.

"'A mile farther on, senor,' answered the Indian stolidly, 'there is a path which leads to Don Manuel's hacienda. If the senora's mare turns there, that is where the Senora Isabel will have gone —not willingly, senor.'

"We galloped back to the byway spoken of. Sure enough, all the tracks left the road there. The observant Indian was right.

"I had my pistols, he his machete. We pursued the abductors and caught them before they reached the hacienda —as ugly a quartet as I ever set eyes on. The prudent Don Manuel had directed the business from a safe distance.

"His fellows showed fight, of course, but I managed to wing one at the first fire, when they all turned tail. I took my darling back to her aunt, with whom she was quite safe. Don Manuel did not show up. He knew better."

Mrs. Norman came in just then, and Jack abruptly changed the subject. Half an hour later Jack resumed.

* * * * * *

"My darling was very fond of her aunt and unwilling to hurt her, so we said nothing of her son's villainy. But when Pepe and I got back to our ruinous palace he advised me to barricade the door of my room. However, I didn't think it worth while, but at nightfall I stretched myself on the hide bed and fell asleep, with a revolver close to my hand.

"About midnight I was awakened by a cut on the head, which, luckily, did not stun me, or I shouldn't be spinning this yarn now. I started up with the blood streaming down my face.

"Don Manuel stood over me with my revolver in one hand and an uplifted machete in the other. There's the machete.

"'Now you shall die, robber!' he hissed and aimed another blow at me, which I avoided. Shouting loudly for Pepe, I grappled with him and got hold of his wrists I was the stronger, but loss of blood had weakened me He wrenched his right hand free and cut me across the cheek. The blow dazed me; I staggered and fell on the bed.

"Before I could rise his knee was on my chest and machete at my throat. I felt the edge. With a last effort I flung him from me That instant the bed heaved and tossed, the stout walls shook, the sleeping city awoke with a scream of terror. Dazed as I was, I knew what had happened. So did my enemy.

"'The earthquake shall not save you!' he yelled, and rushed at me over the quivering floor. But again the bed heaved beneath me Something fell from above. There was a dull, sickening thud —a scream of agony—and Don Manuel rolled over and lay still, leaving the machete across my neck Ah, that was a close shave!

"I staggered to my feet and groped my way through clouds of dust to the street, which was full of people, shrieking, wailing, praying to the saints. An hour the earthquake lasted, shock following shock.

"When all was quiet and the people had ceased to wail and pray, I returned to the palace. Pepe lay in his hammock, bound and gagged Together we entered the room where I had so narrowly escaped death.

"The body of Don Manuel, with the skull crushed in, lay beside my bed. Close at hand lay the Liberator in the condition in which you see it The statue had toppled over in the nick of time, killed the would be murderer and set me free. On such chances do the lives of men hang.

"Don Manuel's mother never knew the truth respecting his death. It was attributed to the earthquake, as also were the cuts on my head and cheek. I left Granada as soon as I could, taking my bride with me.

"Now you know why we treasure the Liberator, and why we have not dared to talk about it.'—Answers.

BUDS, Society buds, young women just entering the doors of society or womanhood, require the wisest care. To be beautiful and charming they must have perfect health, with all it implies — a clear skin, rosy cheeks, bright eyes and good spirits. At this period the young woman is especially sensitive, and many nervous troubles, which continue through life, have their origin at this time. If there be pain, headache, backache, and nervous disturbances, or the general health not good, the judicious use of medicine should be employed. Dr. Pierce's Favorite Prescription is the best restorative tonic and nervine at this time. The best bodily condition results from its use. It's a remedy specially indicated for those delicate weaknesses and derangements that afflict womenkind at one period or another. You'll find that the woman who has faithfully used the "Prescription" is the picture of health, she *looks well* and she *feels well*.

In catarrhal inflammation, in chronic displacements common to women, where there are symptoms of backache, dizziness or fainting, bearing down sensations, disordered stomach, moodiness, fatigue, etc., the trouble is surely dispelled and the sufferer brought back to health and good spirits.

"WOMAN'S ILLS."

Mrs. W. R Bates, of *Dilworth, Trumbull Co., Ohio,* writes:

"A few years ago I took Doctor Pierce's Favorite Prescription, which has been a great benefit to me. I am in excellent health now. I hope that every woman, who is troubled with women's ills,' will try the Prescription and be benefited as I have been."

"Matron of a Benevolent Home and knowing the good Dr. Miles' Nervine has done me, my wish to help others, overcomes my dislike for the publicity, this letter may give me. In Nov. and Dec., 1893, *The inmates had the "LaGrippe,"* and I was one of the first. Resuming duty too soon, with the care of so many sick, I did not regain my health, and in a month *I became so debilitated and nervous* from sleeplessness and the drafts made on my vitality, that it was a question if I could go on. A dear friend advised me to try *Dr. Miles' Restorative Nervine.* I took 2 bottles and am happy to say, I am in better health than ever. I still continue *its occasional use, as a nerve food,* as my work is very trying. A letter addressed to Milwaukee, Wis., will reach me."

DON'T STOP TOBACCO

It is Injurious To Stop Suddenly

And don't be imposed upon by buying a remedy that requires you to do so, as it is nothing more than a substitute. In the sudden stoppage of the use of tobacco you must have some stimulant, and in most all cases, the effect of the stimulant, be it opium, morphine, or other opiates, leaves a far worse habit contracted. Ask your druggist about "BACO-CURO." It is purely vegetable. You do not have to stop using tobacco with "BACO-CURO." It will notify you when to stop and your desire for tobacco will cease. Your system will be as free from nicotine as the day before you took your first chew or smoke. An ironclad written guarantee to absolutely cure the tobacco habit in all its forms, or money refunded.

Dear Sirs—I have been a tobacco fiend for many years, and during the past two years have smoked fifteen to twenty cigars regularly every day. My whole nervous system became affected, until my physician told me I must give up the use of tobacco for the time being at least. I tried the so-called "Tobacco Cure," "No-To-Bac," and various other remedies, but without success, until I accidentally learned of your "Baco-Curo." Three weeks ago to-day I commenced using your preparation, and to-day I consider myself entirely cured. I am in perfect health, and the terrible craving for tobacco, which annoyed me as a cigar smoker fully appreciates, has entirely left me. I consider your "Baco-Curo" simply wonderful, and can fully recommend it.

Yours very truly, C. W. HORNICK.

Dear Sirs—I have been a tobacco fiend for thirty-three years, and during the past two years have used chewing tobacco extensively. My nervous system became considerable. I have often tried to break the use of tobacco, but always failed until I bought three boxes of your "Baco-Curo." I used tobacco as directed with your "Baco-Curo," and after a week I lost the appetite for tobacco—smoking or chewing. I am enjoying better health and strength since using "Baco-Curo," the effects of which must be lasting and relief is remedy for to break the tobacco habit.

Yours truly, JOHN H. ZIMMER.

Dear Sirs—I have used chewing tobacco very extensively for about thirty years. I tried so-called "No-To-Bac" and other remedies, but without success until I got a few boxes of your "Baco-Curo." I consider quitting tobacco while taking the preparation and find that the horrible craving for tobacco has left me, and I consider myself entirely cured. I can fully recommend "Baco-Curo" to any person wishing to break themselves of the tobacco habit.

Yours very truly, D. S. WHITE.

Independence, Wis., Jan. 28, 1895.

Eureka Chemical & Mfg. Co., LaCrosse, Wis.

Gentlemen—Last summer I furnished Mr James Rose, of the town of Burnside, Trempealeau Co., with three boxes of your "Baco-Curo." He had chewed tobacco for over forty years and the last year used over sixty-five pounds. He commenced using "Baco-Curo" and one box did not have the effect, when he had used about one-half of the second box, he began to lose his taste for tobacco, and when he had used one-half of the third box he had lost all his appetite for it, and is now entirely cured.

Yours truly, J. C. TAYLOR, Druggist.

TO WHOM IT MAY CONCERN.

This is to certify that I, William S. Sawyer of Atlantic, County of Cass, State of Iowa, have been an inveterate smoker of tobacco. I bought three boxes of "Baco-Curo" Dec. 21 1894. Began taking same according to directions and can say that I am completely cured of the tobacco habit. "Baco-Curo" is simply wonderful and I recommend it to all who are slaves to the tobacco habit and wish to be cured. I am in perfect health and have not felt so well in years. That terrible craving, which every tobacco user has more or less, has completely disappeared and I feel like a new man. Hoping that this may do some one good and lead them to try this wonderful remedy, "Baco-Curo," I remain, Yours truly,

Wm. S. SAWYER, Atlantic, Iowa.

Clayton, Nevada Co., Ark., Jan. 28, 1 95

Eureka Chemical & Mfg. Co., La Crosse, Wis.

Gentlemen—For forty years I used tobacco in all its forms. For twenty-five years of that time I was a great sufferer from general debility and heart disease. For fifteen years I tried to quit but couldn't. I took various remedies, among others "No-To-Bac," "The Indian Tobacco Antidote," "Double Chloride of Gold," etc., etc., but none of them did me the least bit of good. Finally, however, I purchased a box of your "Baco-Curo" and it has entirely cured me of the habit in all its forms, and I have increased thirty pounds in weight and am relieved from all the numerous aches and pains of body and mind. I could write a quire of paper upon my changed feelings and condition.

Yours respectfully, P. E. MARBURY,
Pastor C. P. Church, Clayton, Ark.

WHAT MR. KRAEMER SAYS OF "BACO-CURO."

ATLANTIC, Iowa, Feb 4, 1895.

This is to certify that I, F. D. Kraemer, of Atlantic, Iowa, was an inveterate smoker of cigarettes for more than two years.

About eight weeks ago I bought three boxes of "Baco-Curo." I began taking it according to directions, and after taking one and one-half boxes, all the desire for cigarettes left me, and I have had no desire since.

I can heartily recommend "Baco-Curo" to all who are slaves to the cigarette habit or tobacco habit in any form, and are in search of a cure. I had become so under the influence of cigarettes, I could not remember anything; could not study, unless under the influence of the drug, which is death in the end, if kept up.

Cigarettes are sapping the lives out of more boys and young men to-day, than anything that is known to the world. Boys, before it is too late get some of this remedy that killed the craving for cigarettes in me and save your young life. Restore yourself to manhood. You will feel as though you had escaped an awful doom, and you have, when cured by "Baco-Curo," for you feel like a new being. I never felt better in all my life than at this present writing. I did not know what was the matter with me, until informed by the agent. He told me what was the reason I could not do anything unless under the influence of the death-dealing poison found in cigarettes. I do not believe him at first, until he explained the action on the system. Then I bought the goods and thank God and all concerned, I am a sound person to-day. Hoping these few lines may reach the unfortunate cigarette smoker, I remain, Yours respectfully,

F. D. KRAEMER.

Improving on Nature.

"Horrors!" exclaimed the beautiful society woman. "Do you mean to try to sell me that picture as an artistic presentation of a group of horses?"

The great artist paused a moment bewildered. Then a light broke in upon him, and with a few rapid strokes he painted out all the long, graceful tails on the horses and substituted for each a docked tuft that stuck out straight like a pump handle.

"Ah," said the society woman, clapping her hands with pleasure, "now that is a picture worth having."—Chicago Record.

Mme. Mara.

Mme. Mara, the noted songstress, had dark, irregular features, but with such a play of expression when she sang that they seemed to glow. She did not at first appearance on the stage favorably impress an audience, on account of her lameness, but when she began to sing everything else was forgotten.

All Doubt Removed.

Any doubts that may have hitherto existed as to the veracity of the Biblical account of the passage of the Jews dryshod across the Red sea have been set at rest by the report of Major General Talloch, published in London, describing an incident which took place during his recent survey for the British government of that part of Egypt through which the route of the exodus is said to have lain. It seems that on one occasion last spring there sprang up a storm of wind so intense in its violence as not only to stop all survey work along the borders of Lake Menzahleh, but to carry within the space of a few hours the entire waters, the lake out of sight beyond the horizon, leaving all the sailing vessels resting on the sandy bed of the inland sea. This is manifestly what occurred in the days of Moses, and what has hitherto been in the eyes of the skeptical open to doubt as a miracle must henceforth be accepted as a definitely proved natural fact.—New York Tribune.

How She Knew.

"Mrs. Smith's got a dog that likes me," said little Emily, coming home from a visit to her aunt.

"How do you know he likes you?" her mother asked.

"Cause he tasted me and then wagged his tail," answered the little girl.—Pearson's Weekly.

PARSON STINSON TO "LIVE IT DOWN."

His Boston Escapade Not His First Misstep—Suspended by a Canadian Presbytery.

Rev. J. C. Stinson, who has been deposed from the pastorate of the Downsville Presbyterian Church because of his escapade in Boston with Miss Emma Lindsley, is still in Downsville, and is reported to have said that he will "live it down."

It seems that this is not his first misstep. The Toronto *News* of July 13, 1893, gives an account of his suspension from the ministry for a year because while pastor of the church at Horning's Mills he was very attentive to the young ladies, representing himself as unmarried, and later as a widower, though he had a wife living.

CONCERT AT BLOOMINGBURGH.

A Very Successful Entertainment by the Vocal Society.

Correspondence ARGUS and MERCURY.

The Bloomingburgh Vocal Society, 100 strong, gave a most delightful concert last evening, in the Reformed Church, at Bloomingburgh. The building was filled to its fullest capacity, every seat both in the body of the church and in the galleries being taken.

The soloists, Mrs. Julia L. Terrell and Mr. Valentine Youngman, of New York, delighted all and were obliged to respond to encores. They are both artists in every sense of the word.

Others who sang solos, were Mrs. Glover Clapham, Misses. Nettie Clark, Eva Ellis, Amy Mance and Mr. Edward Mills. Miss Nellie Shafer was the accompanists.

Mr. Winchester conducted the whole to a most successful finish, and at the close was presented with a token of friendship and appreciation, in the shape of a huge bouquet of 100 carnations and roses mixed with smilax and sweet peas

Mr. J. B. Schoonmaker went out driving, yesterday. His dog accompanied him and he stopped at the mill pond to give the dog a bath, leaving his horses standing in the road. When the horses heard the splash, as the dog was thrown into the water, they started to run, but were caught by a man who was at work nearby, before they did any damage.

A Pleasant Social Party.

COLUMBIAS DO UP THE FLORIDAS

An Interesting Game on the State Hospital Grounds—The Paterson Battery and the Only Tierney Help the Really Floridas—Effects of Sullivan County Water.

The large crowd of spectators which assembled at the Hospital grounds, yesterday afternoon, began to get impatient at the long delay occasioned by the non-appearance of the Florida club which had been advertised to play with the Columbias. It was very nearly half past three when the team began to straggle on the grounds by twos and threes.

From the direction of Dr. Talcott's residence two figures appeared attired in Florida uniforms. They were quickly recognized by the crowd as "Bill" Charlie Tierney and "Dick" Coogan, Paterson's crack pitcher. "Pat" Toohey, another Paterson player, emerged from behind a clump of bushes along the driveway.

The Floridas did not indulge in any preliminary practice; they didn't need it. With the mighty Coogan and the doughty Toohey for a battery and "Goshen Bill" to look after third base, they came to "wipe up the earth," with the Columbias as mops.

They started out as if they meant to carry out their intention. The professional aggregation who led the Florida batters landed on House's curves and two runs resulted. The Columbias were retired in one, two, three order, not a man reaching first. It looked bad for Columbia, but when the "really" Floridas came to bat they were just as easy as the Columbias had been, and not a man saw first base.

Then, in the last half of the second, the Columbias took the lead by making three runs on Ed. Wengenroth's two-bagger, assisted by glaring errors by the "really" Floridas and the "glass arm" of Catcher Toohey.

Florida got the lead again in third inning, and held it until the sixth when the Columbias added three more by good batting and more errors by the "really Floridas."

The Floridas made a strong finish in the ninth. They landed one run and had two men on bases and two out when the great Toohey stepped to the plate. He hit a hard liner to Bruce Beattie at third and the game was over. The "would-be" champions were beaten by one run by a crowd of boys.

The feature of the game was the phenomenal playing of Henry Bradley at short stop. He accepted every chance and caught two hot liners, both of which netted double plays. Another feature was the fact that the visitors were satisfied with the umpire, Mr. Geo. E. Wallace. He made one decision against them, and was inclined to stick to it, but when the error was pointed out to him he changed his ruling.

Florida is engaged to play Walden for $50 a side, at Gosher, on Tuesday next. They will have to put up a better game of ball than they did, yesterday, in order to win.

One of the players who "warmed the bench," in order to let Tierney play, said that four of their best players were ill and couldn't play. The illness he attributed to the water of Sullivan county, which he said would "kill a horse."

THE ASYLUMS TO BE RE-ORGANIZED

A Strong Nine to be Put in the Field—A Chance for Good Games

There is still a prospect of some good ball games in this city, this season. The Asylums are to be reorganized. Lawler is expected home in a few days. McGreevy, Tierney, Genegal, Murray and Harmon Smith are all unengaged, and these players with Kelly to pitch and Van Zandt and Meyer, of Paterson, would make a hard team to beat.

A game has already been arranged with the Orange Athletics at Orange, N. J., Aug. 10th.

The Cuban Giants can be secured at any time and with Walden, Florida, Goshen, Newburgh, and Port Jervis claiming to be champions, some exciting local games could be played.

Base Ball Notes.

—Charlie Brady, formerly of this city, who has until recently played with the Scranton team, is now with the Lewistons of the New England league.

ANOTHER SUIT AGAINST THE TRACTION CO.

W. T. Kortright, of Mechanictown, Wants $15,375 Damages for an Accident that Happened Last September.

The Middletown-Goshen Traction Company was served with a summons and complaint, this afternoon, in a suit for $15,375 which has been commenced by William T. Kortright, of Mechanictown, through his attorneys Vanamme, Watts & Vail.

The plaintiff in his complaint alleges that "on or about September 24th, 1894, while driving on East Main street, his wagon was struck by an electric car which was running at an unlawful rate of speed. His horse was killed, wagon and harness demolished and plaintiff was so badly injured, that he was taken to Thrall Hospital where he lay for weeks suffering pain. That he still suffers from the effects of his injuries and will do so for the rest of his life."

He therefore asks judgment for $15,000 for his injuries, $250 for the loss of his horse, $100 for the wagon and $25 for the harness.

Y., to camp with the 33rd and 14th Separate Companies in August. The captain wired for further particulars and will call a special meeting of the company to take action in the matter.

Victim of a Heartless Joke

A popular clerk in the O. and W. offices was called away from a merry making, last night, at the home of a young lady in whom he is supposed to be deeply interested, by a bogus message to the effect that he was wanted at once at the Wickham avenue station. He has had, to-day, the coldest kind of a "marble heart" for the perpetrators of the joke.

Auditing the Traction Company's Accounts

Mr. C. E. Bradford, of Scranton, Pa., general auditor, has been in town for the past four or five days auditing the accounts of the Traction Company for the first half of the current fiscal year.

Mr. Bradford did not hesitate to say that he found the accounts of the company in better shape than those of any of the many concerns of which he is the auditor.

Incendiary Fire in Downsville.

A fire, supposed to be of incendiary origin, exploded fifteen pounds of powder in Hoag's hardware store, Downsville, early Thursday morning. The store was badly wrecked and many windows in W. R. Wright's store adjoining were smashed. The new water works made it possible to extinguish the fire before very heavy loss occurred.

DEADLY SUMMER!

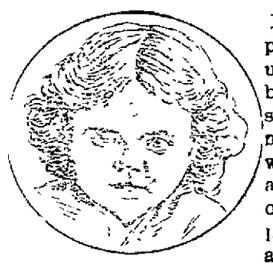
Cholera Infantum Puts in Its Appearanee.

Every Poorly Nonished Baby Liable to Its Attack.

Complete Security in Lactated Food.

A Rich Nutritive Relished in Hottest Weather.

Its Use Brings Sound Sleep and Steady Growth.



BABY WALTERS.

Every thin, pale-lipped, under fed baby is a shining mark for wasting diarrhœal disorders that put in their appearance with the advent of hot weather. Yet every death from an intestinal disorder shows either neglect or ignorance on the part of the parents.

The only safety for pale, weak, sickly babies is to keep up their strength without irritating their intestines, and this great problem of feeding delicate babies in hot weather has been solved to the complete satisfaction of hosts of mothers by lactated food.

It is a perfect substitute for healthy, vigorous, mother's milk, and the one infant food which possesses the best scientific combinations of all the elements necessary to the complete nutrition of the growing child.

It has saved thousands of infant lives, and its praises have been said by thousands of grateful, happy mothers.

Read the followingletter from Francis T. Wa'e s, Principal of the Gregory Normal Institute, Wilmington, N. C., whose beautiful baby's picture is printed above.

"I send you with this a picture of our little girl, whose health is due to lactated food. One year ago, we stopped using lactated food and tried another, but soon her bowels became irregular, and we returned to lactated food. She is just past two years old, has all her teeth, and is the healthiest, merriest, rosiest little girl you ever saw. We have not had a doctor's bill to pay and have the sweetest and best baby in the world. I can speak in the highest terms of your lactated food for children.

Blinded in a Singular Way.

From the Paterson Press.

Mrs. Agnes Coman, living in Wallington, Passaic's Bergen county suburb across the river, had a mixture of chloride of lime hanging in a bucket in the cellar of her home directly over the stairs. The stuff was to be used for the spraying of bugs. In going down cellar in a hurry, Thursday afternoon, she struck her forehead against the pail and the mixture was upset, filling her eyes so that she will lose the sight of both.

Child Knocked Down by a Bicycle.

A little child was knocked down by a bicycle while crossing North street, last night. The wheelman, seeing that he was likely to strike the child, jumped from his wheel but could not stop its momentum, and the pedal knocked the child down. It was not much hurt, and after crying for a few minutes was all right.

For more than a hundred years the Shakers have been studying the remedial properties of plants. They have made many discoveries, but their greatest achievement was made last year. It is a cordial that contains already digested food and is a digester of food. It is effective in removing distress after eating, and creates an appetite for more food so that eating becomes a pleasure. Pale, thin people become plump and healthy under its use. It arrests the wasting of consumption.

There never has been such a step forward in the cure of indigestion as this Shaker Cordial. Your druggist will be glad to give you a little book descriptive of the product.

Give the babies LAXOL, which is Castor Oil made as palatable as Honey.

HORSEWHIPPED AN INSOLENT MAN

Mrs. Beach Soundly Lashed the Stranger Who Insulted Her Daughter.

Miss Minnie Beach, sixteen years old, was riding on her bicycle, at Depost, late Thursday afternoon, dressed in a bloomer costume, when she passed a man a mile from her home. He called to her in an insulting manner and attempted to overtake her.

She rode to her home and told her mother, who took a horsewhip and accompanied her daughter back to where the man was sitting by the roadside. She lashed him until he dropped upon his knees and begged for mercy. The angry mother then allowed him to go.
